EXPLANATORY NOTES

The School of Professional Studies (SPS), with Chicago and Evanston campus locations, is the adult education division of Northwestern University. Over its long tenure, it has been known by a number of names: School of Continuing Studies (2000-2014), University College (1933-53; 1983-2000), Evening Divisions (1953-78), The Division of Professional Education (1978-83).

In addition to maintaining records for students who take courses in the evening liberal arts programs, SPS maintains records for students of the College of Commerce (1900-70) and for students who enroll in credit coursework taken through the Center for Public Safety (formerly the Traffic Institute).

COLLEGE CREDIT

Beginning September 2005, for the purpose of transfer credit, one course during the academic year should be considered to be the equivalent of four quarter hours or 2 2/3 semester hours. A total of 45 units (courses) are required for a bachelor's degree. Prior to September 2005 SPS awarded credit in semester hours. 120 semester hours were required for a bachelor's degree. Requirements for certificate programs vary.

Work of the grades A, A-, B+, B, B-, C+, C, C-, D, and P is counted towards a degree. The notations Y and Inc become permanent unless the student completes all course requirements within ten weeks.

ACADEMIC STATUS

Student at Large. A student who is not seeking admission to a degree or certificate program may enter SPS as a student at large as long as he or she has left previous schools in good academic standing.

In good standing. This indicates student is entitled to honorable dismissal in every sense of the word and may continue his/her course in SPS at any time. No separate letter of honorable dismissal is issued at this institution.

On probation. A student is placed on academic probation whenever, in the opinion of an academic committee, such action is indicated by reports of low scholarship. Students on probation at a previous institution enter SPS on probation.

Dean's Hold. A student's permission to register is temporarily suspended pending SPS's receipt of information from the student regarding that student's academic performance in previous semesters in SPS.

Dismissed. A student, whether on probation or not, may be dismissed for academic deficiency whenever an academic committee decides that such action is indicated by a record of poor scholarship. A student may petition for readmission after a full year has passed.

Excluded. A student may be excluded from the University for non-academic violations, such as a breach of academic integrity, falsification of documents, infringing on the rights of others, or disturbing orderly academic functions.

COURSE NUMBERING SYSTEM

Northwestern University used an alphanumeric course numbering system until January 2000 when it was replaced by a numeric system.

A-level or 100 level — Courses primarily for freshmen and sophomores, usually without college prerequisites.

B-level or 200 level — Courses primarily for sophomores and juniors.

C-level or 300-level — Courses primarily for juniors, seniors, and graduate students, often with prerequisites.

D-level or 400-level — Courses or seminars primarily for graduate students, in which the major part of the work is not research.

An A or B or I, 2 and 3 following a course number indicates that it is part of a two-semester course sequence. A 5 following a course number indicates a course that may be repeated for credit.
